Trunnion

Slip Fitter

Pole Mount

* Different LED Kelvin temperature available with 4-6 week lead time. Please call for a quote.
 ** DISCLAIMER: This test report was produced in accordance with IES LM-79 photometric testing protocol for luminaires, using a single representative test fixture. Actual production units may vary from the values reported here by up to ±10%.

Product Description:

Pole Mount

This pole mount was designed to complement the fixture's aerodynamic shape. By further reducing the fixture's drag, this product is suitable for harsher environments.

Photocontrol

Optional photocontrol allows for further energy saving.

Proprietary Optical Control

Specifically designed lens Type III, IV, and V allow architects maximum freedom to design any layout without restraint. These optics are engineered for maximum light output.

Integrated Heatsink

Integrated cooling fin provides excellent thermal dissipation. This design allows the fixture to have extremely long lifetime hours.

Door Frame

The door frame is designed with the installer in mind. It has a simple to use hinge access so allowing installers to be hands-free when entering electrical compartment. This saves time and money.

Bi-Level Sensor Control

Fixture has the option to add an occupancy sensor allowing bi-level dimming and harvest dimming. This provides maximum savings for the end-user.

Product Description:

This slick and modern luminaire has been designed to handle any environment. With a beautiful slimline design along with one of the highest lumen performance on the market, this versatile fixture can be used as a flood light or an area light. Including a multitude of mounting options, surge protection devices, IOT photocell capability, and the most technologically advanced LED's on the market, the LED6099 is ready to conquer the lighting landscape.

Optional Kelvin color* with adder.

Features:

LISTING

- UL and cUL listed for wet locations

HOUSING

- One piece die-cast aluminum body with die-cast hinge panel for easy installation access.

LEDS

- The most technologically advanced LED chips in the market

FINISH

- UV stabilized powder coated finish

LENS

- Optional Type III, Type IV, Type V optics

OPTIONS

- Optional 347V or 480V with adder
- Bi-Level Dimmable or Photocontrol optional available with adder
- Finish - Bronze, Color option with adder
- Standard 4kV surge

* Different LED Kelvin temperature available with 4-6 week lead time. Please call for a quote.
 ** DISCLAIMER: This test report was produced in accordance with IES LM-79 photometric testing protocol for luminaires, using a single representative test fixture. Actual production units may vary from the values reported here by up to ±10%.

Mounting Options:

Pole Mount
Die-Cast Mounting Arm, Bronze Powdercoat Finish, Includes Hardware. Mounts Directly to Square Poles..

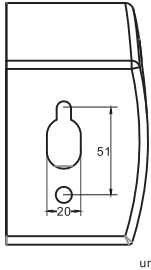

Trunnion
Heavy Duty Steel Bracket, 3.5mm. Adjustable aiming over 180 degree arc. Bronze Powdercoat Finish, Includes Hardware.

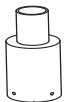

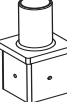

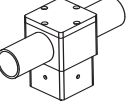

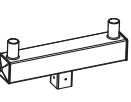

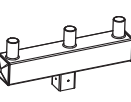

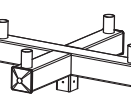

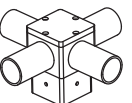

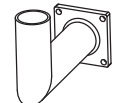

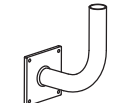

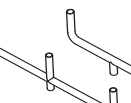

Slip Fitter
External Mount Die-Cast Adjustable Slipfitter for 2 3/8" Tenons, Bronze Powdercoat Finish, Includes Hardware.

Multi-functional pole mounting holes

unit:mm
